Award Date	11/30/2009		
Award Description	The Delaware Department of Technology and Information (DTI) was designated by Governor Markell as the Delaware entity eligible to receive a federal grant under the National Telecommunications and Information Administration's (NITA) State Broadband Data and Development Grant Program. DTI will oversee the broadband mapping data collection and verification, including public anchor institution information, and the development of an interactive state broadband inventory mapping system. The resulting data will be presented to NITA per their specifications and also made available to the public from a user friendly website. DTI will leverage existing IT infrastructure, and will partner with the University of

Delaware's Information for Public Administration (UD-IPA) to achieve the overall NTIA goals. The longer term broadband planning activities will be carried out by DTI in partnership with UD-IPA. Relationships will be built with Technology Planning Teams comprised of representatives from local governments, small businesses, and agricultural communities. These teams will be formed in parallel with mapping activities and will continue for the full 5 years of the program. They will identify (1) broadband best practices for their community; (2) issues affecting the deployment and full use of broadband; and (3) potential projects to expand the use and deployment of broadband in these communities.

Project Information

Project Name or Project/ Program Title	State Broadband Data and Development Grant	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	For quarter ending September 30, 2010, the Broadband Mapping Project has continued its momentum in making progress. We worked with our vendors, GeoDecisions and University of Delaware, IPA to complete the Detailed Level Business Requirements for the Broadband Mapping website. During August, we also began the first iteration of Field Verification while collecting data for the second submission for NTIA, both tasks have been completed. The vendors focused on their respective areas for data collection, GeoDecisions on Broadband providers and University of Delaware, IPA, on Community Anchor Institutions. We have providers' Non Disclosure Agreements fully executed,	Activity Code 1 U03 Activity Code 2 Activity Code 3 Activity Code 4 Activity Code 5 Activity Code 6 Activity Code 7 Activity Code 8 Activity Code 9 Activity Code 10

except for one. The Community Anchor Institutions response has increased since the last submission in May 2010. the completion of Detailed Level Business Requirements has positioned us favorable towards the finalization of the System Design document. The Public Facing website will be developed based on these two documents to ensure a robust infrastructure and quality application are the backend for information provided to the State of Delaware Citizens. Less than 50% completed
